

Product name:

Few layer graphene (FLG)

Product code:

CNu10L

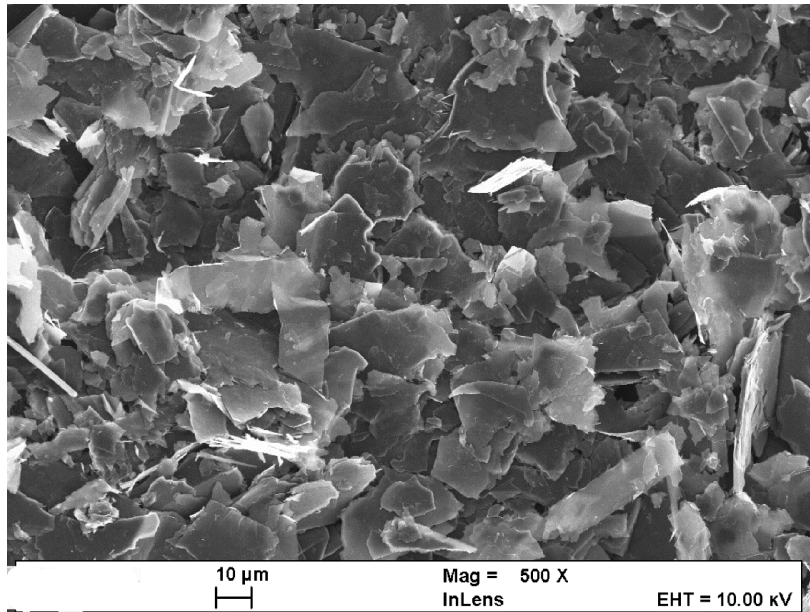

Product specification

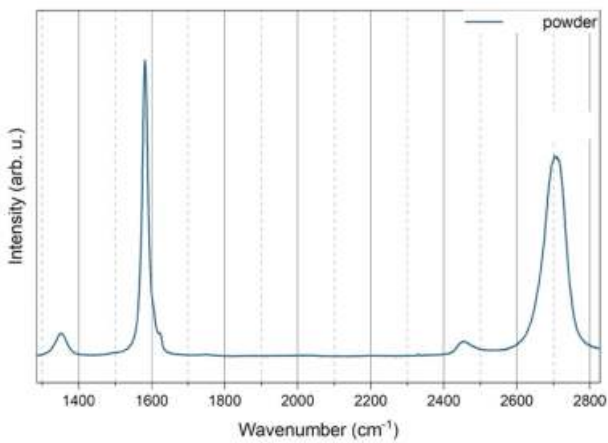

Average number of atomic layers of carbon:	Less than 10
Lateral size:	Up to few microns (μm)
Type	Pure graphene flakes
Raman 2D/G Ratio:	Less than 2.5
Raman D/G Ratio:	Less than 0.2
Raman FWHM (2D):	Less than 68 cm^{-1}
Available forms:	Powder, suspension in water
Appearance (Color):	Very dark grey / Black

Scanning Electron Microscope (SEM)

Raman spectrum

X-ray diffraction spectrum (XRD)
